Will Cure Consumption

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds, and lung trouble, I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. L. S. Simmons.

Scores Sixth Success

The largest crowd of people that ever gathered at Agua Caliente met last Saturday night, June 1, 1907, to celebrate the Sixth Anniversary and Grand Ball at Agua Caliente Springs. There was a pleasing program given and a general good time given to all who attended. The Mare Island Band discoursed sweet music throughout the entire evening.

It is estimated that fully 600 people accepted Mr. and Mrs. Richards' invitation and enjoyed the festivities of the occasion. A sumptuous banquet to which every body endeavored to do ample justice, was served at midnight.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. Mr Ake, of Wood, Ind. "I took treatment with several physicans without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs and prevents serious results from a cold. Refuse substitutes. L. S. Simmons

Will Wed Soon

Miss Anna May Dunn, daughter of Mrs. Fannie S Dunn, and member of a pioneer family of this valley and Mr. Oscar L. MacQuiddy, a well-known young pharmacist of Oakland, will be united in marriage at the home of the bride's mother next Sunday, Rev. C. C. Cragin, pastor of the Congregational Church here, will officiate.

For scratches, burns, cuts, insect bites and the many little hurts common to every family, DeWitt's Carbolized Witch Hazel salve is the best remedy. It is soothing, cooling, clean and healing. Be sure you get DeWitt's, sold by L. S. Simmons.

It may have been in kindness, not in cruelty, that the czar refused to let the duoma listen to experts.

SUPERIOR COURT NOTES

A resume of the calendar day proceedings in the Superior Court on Monday was as follows:

In Judge Denny's Department the motion for a change of venue and to strike out cost bill was dropped from the calendar in the suit of Pollitz vs. Wickersham to recover commission for the purchase of a big block of sugar stock.

The petition for an order to sell real property of the Congregational Church Society of Sebastopol was denied.

The demurrer in the suit of O. Martin vs. Mrs. I. I. Frazee, to recover money for work on the Frazee building was submitted. A similar order was made in the suit of John Cooper vs. Mark L. McDonald, a suit in ejectment.

In the divorce suit of Alice O. Neeley vs. William R. Neeley, an order of submission was made.

Default was entered in the divorce suit of Lillian May Burke vs. Charles G. Burke, and the trial was set for June 6.

To June 10 was continued the suits of Bush vs. Wood, Jacobs vs. Jacobs, and Wheeler vs, Wheeler.

J. B. Dodge was named administrator on the estate of Ernest J. Dodge in a bond of $4000.

The petition to set aside the home stead in the estate of John Cooper was granted.

A sale of personal property of the estate of Jacob Keene was settled.

The final account was settled and distribution ordered of the estate of T. Trotter. The final account of the guardianship of George O'Farrell was settled.

These probate matters were settled: Estates of E. M. Pedigo, Waldo A. Tomasini and Antonio Barsatti to June 10; estate Jean Conralet to August 5.

In Judge Seawell's court Mrs. Hattie M. Parent was named guardian of Arthur W. Parent, a minor, in a bond of $1000.

The suit of Cole vs. Cole et al was reset for June 18.

The trial of the action of the Sonoma Stone and Construction Company vs. A. E. Chartrand, to recover for labor and material used prior to April 18 on the St. Rose building, was set for June 27.

The Burel divorce suit was continued to June 10.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law, sold by L. S. Simmons.

Brief Excitement

Quite a ripple of excitement occurred in St. Francis' Church here last Sunday morning during the ceremony of Holy Communion. It seems that in moving about the benches, a white veil worn by one of the little girls, caught fire from one of the candles carried by the children. The flames were quickly extinguished before any serious harm was done and by the presence of mind of Rev. Father Leahy, what might have been a small sized panic, was averted.

The young man who goes barefoot till he gets his pa's shoes, will likely soon be barefoot again.

A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. L. S. Simmons.

Working bees labor for the queen; when the queen is lost, the bees die for the lack of an aim.

"This little pig went to market,"
doesn't amuse tonight.
Baby's not well; what's the matter
Her dear little cheeks are so white;
Poor little tummy is aching, naughty old pain go away.
Cascasweet mother must give her,
then she'll be bright as the day
It is sold here by L. S. Simmons.

Had Delightful Time

Mrs. R. P. Hill delightfully entertained the members of the Executive Board, Sonoma Valley Woman's Club, at Eldridge last Monday. The occasion was the annual meeting of the board and after the business session, a delicious luncheon was served. Toasts were given and happily responded to. The ladies went up on the morning train and returned in the afternoon, and were loud in their praises of the generous hospitality of their genial host and hostess, Mr. and Mrs. Robert P. Hill.

The Convent School will close Friday the 14th inst. The closing exercises will be held in Union Hall on the evening of the 15th. Chapman-Bailey Nuptials

Rev. R. Lionel Rowe, pastor of the M. E. Church, last Sunday afternoon, June 2, at 1 o'clock, spoke the solemn words that united in the holy bonds of matrimony, Miss Bania M. Bailey, and Mr. Rockwell J. Chapman.

The marriage took place at the home of the bride's parents, Mr. and Mrs. Andrew Bailey, on Broadway. Only relatives and a few intimate friends of the contracting pluties were present. The parlors were tastefully decorated in honor of the event.

The charming bride was becomingly gowned in chiffond over white silk trimmed with lace and looked unusually sweet and pretty beneath the floral bell beside the man of her choice. The groom is the Junior member of the firm of Chapman Bros., grocers, on Broadway, and is a young man of sterling character and business ability.

Miss Pearl Baily, dressed in pink mull, acted as bridesmaid, and Mr. P. Headley was best man.

A delicious wedding breakfast was served after which Mr. and Mrs. Chapman departed on the N. P. train for a brief honeymoon. Upon their return, they will occupy a cottage on Broadway which has been prepared for their occupancy. The bride and groom were the recipients of many useful and costly presents.

Mr. and Mrs. Chapman have a host of friends here and in Napa Co., who extend heartiest congratulations and best wishes for a blissful wedded life.

President, R. A. Poppe

R. A. Poppe, Esq., has kindly consented to act as president of the day on the occasion of the coming Fourth of July celebration in Sonoma. Mr. Poppe makes an ideal presiding officer and the committee are to be congratulated on securing his acceptance.

Dr. Cool Dead

Dr. Geo. Cool, a prominent dentis of San Francisco, passed away at Home Farm, near Agua Caliente, Wednesday morning. He had come to the country for the benefit of his health which had been poor for some time. Deceased was 33 years of age and his early death came as a great shock to his relatives and friends. Undertaker Bates took charge of the remains which were shipped to the metropolis yesterday afternoon.

Fourth of July Meeting

Each and every member of the various committees having in charge the coming big celebration in Sonoma, is requested to attend a meeting in the pavilion in the plaza next Saturday evening, June 8, at 8 o'clock. Let everybody turn out and help the good cause along. Don't shirk a civic and patriotic duty. Remember, to-morrow night at 8 o'clock.

Nolan and Staton Chosen

At the meeting of the Board of Supervisors in Santa Rosa yesterday, W. C. Nolan, of this city, and Oscar Staton, of Healdsburg, were elected members of the Co. Board of Education for two years. Mr. Nolan defeated his opponent for the place, E. M. Cox, of Santa Rosa, by a vote of 4 to 1.

The Earthquake

A slight shock of earthquake was felt here at about 12:15 Wednesday morning. No damage was done. The people of Oakland and San Francisco, also felt the same shock, which is reported to have been quite sharp there but of very short duration and doing no damage.

Bert Barber, of Elton, Wis., says "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills, which are unequaled for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A weeks treatment for 25c, sold by L. S. Simmons.

Spring millinery at Hotz's, Napa street.

HOW THE VOTES STAND

Interest is increasing in our Summer Resort Contest. The Sonoma Grove still leads, having passed 5000 mark and the El Verano Villa is holding the second place. This week shows a decided gain among those that were lower down the line. The Swiss-American Hotel, holds third place, which is closely contested by the French Cottage, the Bellevue Hotel and the Lawrence Villa. As each of these places have their friends hard at work securing votes it would not be surprising to see either of them contesting for the first place. Word comes from Glen Ellen that the people of that place intend to rally around the standard of the Hotel Chauvet, just as soon as that hostelry is opened to the public.

The result of the count last night is as follows:

NAME	VOTES
Sonoma Grove	5359
E. Verano Villa	3077
Lawrence Villa	1000
Swiss-American Hotel	1221
French Cottage	1205
Bellevue Hotel	1099
Hotel Chauvet	556

Distinguished Guests

The Sonoma Valley Woman's Club entertained former Governor and Mrs. Geo. C. Pardee, at the club parlors last Saturday afternoon. While the reception was an informal one, it was none the less a delightful affair and thoroughly enjoyed by all present. Refreshments were served. Mr. and Mrs. Pardee took the S. P. afternoon train for their home in Oakland.

The Bunch

Messrs. Wm Murphy, of Santa Clara, Harry McDonald, Wm. Black, Geo Engisch and Robt. Gresselman, of San Francisco, are enjoying the scenery and delights of Agua Caliente. "The Bunch" is piling up wealth, in the shape of health, and increasing in weight so rapidly that their friends will scarcely know them upon their return from their vacation.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orino Laxative Fruit syrup for chronic constipation and it has proven without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." L. S. Simmons.

Our Summer Resorts

Nature has greatly favored Sonoma Valley in many ways, mild and equable climate, with no extreme of heat or cold, beautiful scenery, an abundance of the purest water, and hot mineral springs unsurpassed for their health-giving and health-restoring properties.

Many far-seeing and enterprising people, knowing the peculiar advantages Sonoma Valley has over other sections of California have built up a number of summer resorts in this valley, where thousands of people come every year for health and pleasure.

Every resort has found it necessary each year, on account of increasing patronage, to enlarge their accommodations.

We believe a newspaper is not doing its full duty to the community where it is published unless it continually seeks to build up its institutions and exploit its advantages.

The Expositor wishes to make it better known to all health and pleasure seekres that there is no more favorable or enjoyable section in the West than our own Sonoma Valley.

With this end in view, this paper with this issue has started a voting contest which will be continued to August 1, 1907, for the double purpose of keeping the name and fame of our many comfortable resorts before the public and to ascertain which one of them is the most popular

CONDITIONS OF THE CONTEST

Each and every yearly subscription, new and old, to the Sonoma Valley Expositor, paid in before August 1, 1907, entitles the person, paying such subscription to 200 votes for his favorite resort Each 6 months subscription entitles the person paying it to 75 votes for his favorite.

Commencing with this issue in each and every copy of the paper published during the contest a blank coupon will be printed. This, when properly filled out and sent in, counts one vote for the resort named therein

Send in your votes to day and get in the swim:—

PRIZES

FIRST PRIZE—For the resort receiving the highest number of votes. The Expositor will publish free in a special edition of the paper, a full page illustrated write up of the resort, and will furnish free to the winner of the first prize 1000 illustrated booklets advertising the resort.

SECOND PRIZE—The resort securing the second largest number of votes will get a half page illustrated write up in a subsequent special edition of the Expositor.

THIRD PRIZE—The resort receiving the third highest number of votes will be given free, 1000 neatly printed letter heads, 1000 printed envelopes, of good quality, and 1000 attractive business cards.

The votes received each week will be counted and tabulated each Thursday evening and the result announced in the paper the following Friday. Votes received on Fridays will be announced the following Friday.

Send in your votes now, Don't delay. Get in early and stay in the contest. Go in to win a valuable prize and help to advertise Sonoma Valley, remembering that whatever helps Sonoma Valley helps everybody in it.

FACE TO FACE.

A New Problem For Women.

In the looking-glass a woman often sees wrinkles, hollow circles under the eyes, crow's feet—all because she did not turn to the right remedy when worn down with those troubles which are distinctly feminine. Backache, lassitude, nervousness and the pains and drains of womanhood bring such untold suffering that the face is sure to show it.

Every woman, young or old, is well protected from the blues, nervousness, backache, and the many symptoms of disease so prevalent among our women—if they will conscientiously take Doctor Pierce's Favorite Prescription, a safe and sure remedy for the ills of womanhood, because it contains not a particle of alcohol, digitalis or any deleterious drugs. Weak women are made strong and sick women are made well by this splendid prescription which was used by Doctor Pierce in his large private practice in the specialty of women's diseases. Every woman troubled in this way should write him about her case, care of Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he assuming them to be such, prescribes his pills and potions. In reality they are only *symptoms* caused by some womb disease. The physician ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause*, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured." In cases almost innumerable, after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented, when necessary, by the medical advice and counsel of Dr. Pierce, has resulted in a perfect and permanent cure.

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formulæ and other untruthful statements published concerning Dr. Pierce's Family Medicines, the Doctor has decided to publish all the ingredients entering into them and place the same on the wrapper inclosing each bottle. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemists and Pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds, embodying all the active, medicinal principles residing in the ingredients employed, and preserving them perfectly for any length of time and in any climate without the use of a drop of alcohol.

Pierce's Pleasant Pellets These are the **Original Little Liver Pills**, first put up over **40 years ago**, by old Dr. R. V. Pierce. They've been **much imitated** but **never equaled**. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and *concentrated* vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. *Permanently* cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence *lasts*.

Tom Masson's Wit and Humor

WHEN YOU GO ON YOUR HONEYMOON

From "*A Corner In Women, and Other Follies*," by Tom Masson. *Copyright, 1905, by Moffat, Yard & Co., New York.*

A MAN'S honeymoon is a thing that may happen only three or four times in his life, and never becomes what we may term a settled habit. It usually requires, therefore, a certain kind of originality to cope with it. All great *leaders* need to be borne with patience,

and with due humility, but the honeymoon, coming as it does on top of the courtship, when we are more or less unnerved anyway, leaves us usually in an incompetent condition. Instead of controlling our happiness, instead of being able to lay it out in highly colored sections like the plots at a smart railroad station, we are carried along by it powerlessly, like chips in a seething current.

It is well to look our honeymoon squarely in the face. If it is a good, honest honeymoon, nothing will be lost and much will be gained.

One of the peculiar inconsistencies about the average honeymoon is that the best are none too good, when, as a matter of fact, there is no period of our lives when it makes so little difference to us as to what our surroundings are. Then, again, we almost invariably select some place that is really worth seeing when we are in no condition to look at it.

Washington and Niagara are both desirable and highly interesting places to know about, but when we go to these places on our honeymoons we know so much less about them when we have left than when we arrived that it really seems a shame to gild ourselves with so much that is superfluous.

Every man ought to marry a widow at least once in his life merely for the experience, and when he does he may be sure of the right kind of a honeymoon. But to the novices we would make our appeal, and that is not to exhibit yourself unduly in public during a honeymoon. An otherwise sober and sensible citizen, who has about him sterling qualities, does not necessarily constitute himself an ass when he puts on a frock coat, lavender trousers, a silk hat and, with a flower in his buttonhole, leads a sweet young thing out over the highways and principal railroad systems of the country. But he will do much better if he settles down in some out of the way place for a few weeks until the glamour wears off and his wife learns the number of lumps of sugar he takes in his coffee. By and by, when he gets so that he can look at other girls and feel that, after all, woman is a lovely creature, no matter where you meet her, and when his wife begins to catch up with her mind and resigns herself to her fate, then let him lead her out into a Pullman car, where they can both sit in separate seats and really enjoy themselves as if each of them didn't have a chattel mortgage on the other that covered everything.

This is the right time to take a conventional honeymoon—about ten years after the wedding—when Love is still with you, of course, but when he has come down off the stage and is sitting so far away up in the gallery that he doesn't disturb in the least the principal actors in the play.

Love.

"What is love?" was the burning question asked by the company of immortals.

"Love," said the landlady, "is that power, so subtle as to defy analysis, which draws two people together who cannot afford it and enables me to fill my third story front."

"Love," said the society woman, "is the alliance of two families in such a manner as to produce the fewest offspring and then cut the greatest swath."

Said the psychologist: "Love is that set of sensations which, finding their way through the afferent nerves, stimulate certain ganglionic centers of the occipital portion of the brain and extend upward through the higher areas of cerebral consciousness. It is purely subjective in its action, and while it has no regular synthesis, being extremely diverse in all of its aspects, it seems to be subject to some higher definite law as yet undetermined."

Said the college graduate: "Love is the supreme folly."

Said the octogenarian: "Love is eternal."

Said the theologian: "Love is that divine force, coexistent with Jehovah, which has dwelt in the hearts of men since the shepherds have watched their flocks and which enables us to force every one to believe in our particular views, even if we have to do it at the edge of the sword."

Said the actress: "Love is an angel with plenty of money."

Said the bachelor: "Love is an amusement."

Said the dressmaker: "Without love I should go out of business. Love pays my bills."

Cattle Without Hogs.

From my experience and observation, says a Missouri man in Breeder's Gazette, if I fed cattle without hogs I would feed young cattle, fattening and marketing them to weigh from 800 to 950 pounds, and I would grind the corn fed to them after they reached 650 pounds. Of course there would be considerable waste in this case, as one shote to four head of these cattle could be carried along nicely, especially when these young hogs ran on grass with the cattle.

A Hurdle May Be Handy.

The doors of individual hogpens should be made so one can enter easily and get out suddenly in case of an attack. With some sows it is a good plan to carry with one a hand hurdle.

Witches in Eggshells.

When Napoleon III. was approaching sovereignty he asked a judicious friend to observe him carefully for a week and to point out to him anything that he did which was not according to the severest code of the manner of a well bred man. At the end of the week there was only one practice which his friend had noticed. The emperor after eating a boiled egg invariably thrust his spoon through it. Whence this practice has arisen, at one time not uncommon, it is difficult to say. Some date it from a very early period and assume that it was done originally in order to prevent witches sailing in the eggshells.

The Word "Jag."

In many English country dialects the word "jag" is found. It originally meant a small load of hay, from which it came to mean a load of drink so big as to overcome one. "Jag" possesses an infinite number of meanings. The original meaning, "a load," has been extended to the journey with the load, the saddlebags which held it and the act of carrying it, while in certain districts it signifies a blister, the head of a flower, calf leather and fatigue, in addition to coinciding with "jog" and figuring in ordinary English to denote rough or "jagged" edges.

A Different Bill.

Bill Jones, a western merchant, went to Kansas City to buy goods. Some of these he shipped home ahead of his own arrival and nearly frightened his wife out of her wits. The neighbors heard her shriek and, running to her rescue, found her frantically endeavoring to remove the cover of a big box, all because the box bore the legend, "Bill Inside."

Yourself and Your Neighbor.

There is an idea abroad among moral people that they must make their neighbors good. One person I have to make good—myself. But my duty to my neighbor is much more nearly expressed by the saying that I have to make him happy—if I may.—Stevenson.

Still Worse.

Him—What makes you look so miserable? Her—Why, do I look miserable? Him—Yes; you look as if your worst enemy had just been happily married. Her—Oh, it's ever so much worse than that. She has just been happily divorced.—Chicago News.

Father.

"I suppose I ought to ask your father for your hand?"

"Well, yes; it might please him, and it can't do any hurt. Of course it wouldn't be at all necessary if mother were home."—Cleveland Plain Dealer.

Reformed.

De Tanque — Guzzler hasn't been around lately. I wonder if anything is wrong with him? O'Sonque—I'm afraid so. I heard he was going to be married.—Philadelphia Record.

Hindoo Idols.

Several weeks ago I was in an Indian village and peeped inside the chief Hindoo temple. To my great surprise I saw the portrait of a famous London beauty, nicely framed, calmly looking down at the idol beneath it. The lady, I am sure, never dreamed that she would be worshiped in this way.—Lucknow Letter to London Mail.

Voluble.

"Have you seen Professor Gabbleton, the scientist, lately?"

"Yes; I listened to him for more than an hour at the club last night."

"Indeed! What was he talking about?"

"He didn't say."—Puck.

A Sad Feature.

Jack—Engagement is off, eh? Has she sent him back the ring? Tom—No; that's what's bothering him. He owes money on that ring.—New York Press.

Wouldn't Miss It.

Maid—Are you at home to Mrs. Torey, mum? She's at the door. Mistress—I am if she has a new hat on—not otherwise.—Exchange.

A man who covers himself with costly apparel and neglects his mind is like one who illuminates the outside of his house and sits within in the dark.
